

BREGNO HEAVY DUTY SINGLE PUMP SUCTION CUP

Heavy Duty Single Pump Suction Cup is a robust vacuum lifter designed for safely handling large, flat, non-porous surfaces such as tiles, granite & stone.

BREGNO HEAVY DUTY SINGLE PUMP SUCTION CUP

Heavy Duty Single Pump Suction Cup is a robust vacuum lifter designed for safely handling large, flat, non-porous surfaces such as tiles, granite & stone.

Bregno Heavy Duty Single Pump Suction Cup is a high-performance vacuum lifter designed for secure and efficient handling of smooth, non-porous materials such as glass, tiles, marble, granite, and metal sheets. Built with industrial-grade materials, it features a strong suction mechanism with a reliable pump-action system that ensures a firm grip and enhanced safety during lifting or positioning. Ideal for professional tilers, glaziers, and construction workers, this tool reduces the risk of breakage while improving precision and efficiency on-site. Its ergonomic handle offers superior comfort and control, making it a must-have for heavy-duty installation jobs.

ADVANTAGES

-  Provides strong and reliable suction for lifting heavy tiles, glass, and stone.
-  Built with durable materials to withstand tough job site conditions.
-  Pump-action system ensures secure grip with minimal effort.
-  Ergonomic handle design offers better comfort and control.
-  Used by professionals.

USAGE

- Large-format tiles
- Wall and floor tiles
- Marble
- Granite
