

BREGNO TILE LEVELING WEDGES

Ensures even spacing and a lippage-free finish during tile installation of tile
for a smooth, professional look.

BREGNO TILE LEVELING WEDGES

Ensures even spacing and a lippage-free finish during tile installation of tile for a smooth, professional look.

Bregno Tile Leveling Wedges are designed to provide perfect alignment and consistent spacing during tile installation, helping achieve a flat, lippage-free surface. Used with tile leveling clips, these durable plastic wedges apply firm downward pressure to keep tiles level across all edges. Ideal for use on both wall and floor tiles, they significantly reduce installation time and improve finish quality. Reusable and easy to insert or remove, these wedges are suitable for a wide range of tile sizes and materials, making them an essential tool for both DIY and professional tiling projects.

ADVANTAGES

-  Ensures tiles remain flat and level for a smooth, professional result.
-  Made from high-quality plastic for long-term use across multiple projects.
-  Simplifies alignment and reduces the need for constant adjustments.
-  Quick to insert and remove, even for beginners or solo installers.

USAGE

- Ceramic Tile
- Vitrified
- Wall Tiling
- Floor Tiling
