

BREGNO FLOOR PROTECTION SHEET

Durable, reusable sheet designed to safeguard floors from damage, dust, and spills during construction or renovation.

BREGNO FLOOR PROTECTION SHEET

Durable, reusable sheet designed to safeguard floors from damage, dust, and spills during construction or renovation.

Bregno Floor Protection Sheet is a heavy-duty, reusable covering designed to safeguard tile and other flooring surfaces during construction, renovation, or painting projects. Available in 200, 250, and 500 GSM thicknesses, this sheet offers varying levels of durability and impact resistance based on project needs. Sized at 6x4 feet, it's easy to handle and lay out across floors, providing excellent protection against scratches, spills, dust, and debris. Suitable for use on tiles, wood, vinyl, marble, and concrete, it's a smart, cost-effective solution for both professionals and DIY users.

ADVANTAGES

-  Provides strong protection against impact, scratches, and spills.
-  Easy to clean and reuse across multiple projects.
-  Convenient size for quick coverage and easy handling.
-  Shields against paint, debris, adhesives, and foot traffic damage.
-  Lightweight and flexible for quick laying and removal.
