solid glue for natural stone, quartz & ceramics.

BEZILLO OPTIVIX

Knife grade extra strong polypotix vinylester solid glue for natural stone, quartz & ceramics.

BEZILLO OPTIVIX is a extra strong transparent Solid Glue specially formulated with medium viscosity used to glue, repair and fix white marbles and other natural stone both in vertical & horizontal applications only. OPTIVIX is very light color hence ensuring excellent results on white & light-colored stones. The cured mastic is easily polishable and sandable. It has an excellent adhesion; low shrinkage and the reactivity is very good even in cold conditions.

ADVANTAGES
