

BREGNO TILE SPACER

Ensure perfect tile alignment and spacing with 1mm to 10mm plastic tile spacers for faster, slip-free installation.

BREGNO TILE SPACER CLIP

Achieve flawless tile alignment with the **SMALL PLASTIC TILE LEVELING CLIP 1-5MM**, designed for precise spacing and a smooth finish.

Tile spacers are designed to ensure aesthetically uniform joints between tiles, enhancing grout bonding and alignment. They maintain even tile positioning, improve installation speed, and prevent slippage by keeping tiles level and aligned at corners. Ideal for square or rectangular wall and floor tiles, these spacers allow for easy tile replacement without disturbing adjacent tiles. Simply place them at tile corners during installation for a clean, professional finish.

ADVANTAGES

-  Ensures consistent spacing between tiles for a neat, professional look.
-  Speeds up tile laying by maintaining even alignment effortlessly.
-  Minimizes tile slippage and keeps surfaces flat during installation.
-  Helps align tiles precisely at corners, reducing variation in layout.

USAGE

- Ceramic
- Vitrified
- Porcelain
- Mosaic

PACKING

100 Nos/Pkt
