

DIAMOND HAND POLISHING PADS

Designed for manual edge polishing and smoothing of tiles, granite, marble,
and stone surfaces.

DIAMOND HAND POLISHING PADS

Designed for manual edge polishing and smoothing of tiles, granite, marble, and stone surfaces.

Diamond Hand Polishing Pads are essential tools for smoothing, shaping, and finishing stone surfaces with precision. Designed for manual use, they're perfect for granite, marble, concrete, ceramic, and glass polishing. The flexible pad design allows for easy handling on edges, curves, and hard-to-reach areas. They offer excellent abrasion resistance and fast material removal with minimal effort. Ideal for dry or wet use, ensuring versatility across various jobsite conditions. Color-coded by grit level, these pads help achieve consistent results at every stage.

ADVANTAGES

-  Suitable for polishing granite, marble, glass, and ceramics
-  Flexible design for edges, corners, and curves
-  High durability with strong diamond abrasives
-  Works for both wet and dry polishing
-  Delivers smooth, mirror-like surface finishes

MATERIAL

- Grade Diamond
- Color-Coded Resin
- Rubber Backing
- Hook-and-Loop

PACKING

1 Nos

- Diamond Hand Pads Grit 60 99.200.55
- Diamond Hand Pads Grit 80 99.200.56
- Diamond Hand Pads Grit 100 99.200.57
- Diamond Hand Pads Grit 200 99.200.58
