

BREGNO TILE CLOSURE DOUBLE SUCTION CUP

Designed to pull and align large tiles with precision during installation.
Ensures tight joints and seamless finishes and easy handling.

BREGNO TILE CLOSURE DOUBLE SUCTION CUP

Designed to pull and align large tiles with precision during installation. Ensures tight joints and seamless finishes and easy handling.

The Tile Closure Double Suction Cup is a professional-grade alignment tool designed to help securely close and align large-format tiles during installation. Featuring two powerful suction cups and a reinforced frame, it creates strong grip and pulling force to eliminate gaps and ensure precise joint alignment between tiles. Ideal for use on smooth, non-porous surfaces such as ceramic, porcelain, glass, and polished stone, this tool helps achieve seamless tile finishes with minimal effort. Its ergonomic handles offer superior control and reduce fatigue, making it an essential tool for tilers and contractors working on flooring or wall cladding projects.

ADVANTAGES

-  Provides firm grip for accurate tile alignment.
-  Seamless Tile Finish – Helps eliminate gaps between large tiles.
-  Ergonomic Design – Comfortable handles reduce hand fatigue.
-  Speeds up tile installation and improves precision.
-  Used by professionals

USAGE

- Large-format tiles
- Wall and floor tiles
- Marble
- Granite
