

BREGNO *MANUAL* TILE CUTTING MACHINE

A precision tool designed for clean, accurate cuts on ceramic, porcelain, and vitrified tiles, ideal for professional and DIY tile installations.

BREGNO MANUAL TILE CUTTING MACHINE

A precision tool designed for clean, accurate cuts on ceramic, porcelain, and vitrified tiles, ideal for professional and DIY tile installations.

Bregno Manual Tile Cutting Machine is a robust and precise tool designed for smooth, clean cuts on ceramic, porcelain, and vitrified tiles. Available in 1200mm, 1600mm, and 1800mm sizes, it caters to various tile dimensions, including large-format tiles. Built with a sturdy base and a high-quality scoring wheel, it delivers accurate straight cuts with minimal effort and reduced chipping. The ergonomic handle ensures comfortable grip and control for long-term use. Perfect for professionals and DIYers alike, this manual cutter requires no electricity, making it ideal for on-site use and reliable tile installations anywhere.

ADVANTAGES

-  Delivers clean, straight cuts with minimal chipping on vitrified tiles.
-  Available in 1200mm, 1600mm, 1800mm for small to large-format tiles.
-  Manual operation makes it ideal for on-site work without electricity.
-  Heavy-duty frame ensures long-lasting performance.
