

BREGNO RESUABLE LEVELING SYSTEM

Reusable tile leveling system (Tile Thk - 3-17mm) ensures perfect tile-to-tile alignment, reducing lippage and saving installation time.

BREGNO RESUABLE LEVELING SYSTEM

Reusable tile leveling system (Tile Thk – 3–17mm) ensures perfect tile-to-tile alignment, reducing lippage and saving installation time.

Plastic Clip & Cap Reusable 2mm is a reliable tile leveling solution built for accuracy and long-term use. Designed to work with tiles from 3mm to 17mm thick, it ensures uniform spacing and a level surface throughout your project. The reusable design helps reduce material costs while supporting sustainable tiling practices. Its strong grip and easy handling speed up installation, saving time without compromising on quality. Whether you're a seasoned professional or tackling a home project, this system makes tile setting effortless. It effectively eliminates lippage and misalignment, giving your floors and walls a sleek, polished finish. A smart tool for flawless tile work every time.

ADVANTAGES

-  Reusable Design – Reduces waste and saves money on multiple projects.
-  Perfect Leveling – Ensures even spacing and a smooth tile surface.
-  Quick Installation – Speeds up tiling with easy clip-and-cap locking.
-  Durable Plastic Build – Long-lasting performance with tough material.
-  Easy to Use – Ideal for both professionals and DIY enthusiasts.

USAGE

- Ceramic Tiles
- Vitrified Tiles
- Porcelain Tiles
- Stone Tiles
