BREGNO TILE CLOSURE TRIPPLE SUCTION CUP

Heavy-duty tool with triple suction power for maximum grip and control during tile alignment.

Tile Closure Triple Suction Cup is a high-performance tile alignment tool featuring three powerful suction cups on both sides, providing superior grip and stability during large-format tile installation. Designed to close gaps and align tiles accurately, it allows for even pressure distribution and secure handling on smooth surfaces like ceramic, porcelain, and stone. Its dual-sided design enhances pulling strength, making it ideal for professional tiling work on floors and walls. Ergonomic handles ensure comfortable use, reducing fatigue while delivering precise, seamless tile joints.

ADVANTAGES

-  Triple suction on both sides ensures strong, stable contact for tile handling.
-  Effectively pulls tiles together to eliminate gaps and create seamless joints.
-  Made from high-strength materials for long-lasting use.
-  Built with quality materials for repeated use across multiple projects.
-  Quick suction release system makes it user-friendly and efficient.
